I took the conversational class program to develop my speaking skills instead of just reading texts. Have lot of fun learning with Rita, going through discussions I can improve my hearing understanding and develop my vocabulary. Time/location is convenient for office people to maintain regular schedule and progress.

Learning Mandarin with Mandarin Channel was a wonderful experience from beginning to end! Rita laoshi was knowledgable, kind and attentive to the needs of all of us. Since we took private group lessons, they were flexible with curriculum and dates. We learned a lot of practical vocabulary and were able learn more about Chinese culture too. I highly recommend this school for learning Mandarin!
